

Soldiers on the land

Brieve Morison

Soldiers on the land
Sailors on the sea
They're all protecting
My liberty
Turrets on the tanks
Rockets in the sky
With all that protection
I know I'll never die

I can sleep at night
Knowing that they're there
Anybody after me
Better beware
They have the best equipment
Money can provide
And they've proved
How they can fight
Look how many of them died

The Generals are all educated men
As handy with a rifle
As they are with a pen
The Officers attend
The finest schools of war
And are ready for anything
The future has in store.

I have seen them marching
In step in their ranks
I wouldn't be the enemy
For anything no thanks
With orders in their eyes
And bullets in their guns
The only one who's safe
Is the one who runs and runs
